

# Webinar: Unclaimed Property Fundamentals: Delaware Secretary of State Voluntary Disclosure Program

## **Webinar**

12.19.2017

The extensive and complex requirements of the Delaware Secretary of State Voluntary Disclosure Agreement Program (“DE VDA”) means that conducting a self-review must be closely managed and monitored. Determining the entities and property types in scope and evaluating the years where complete and researchable records are available requires that the project manager work closely with almost every department of the business.

Furthermore, for holders that recently converted from an audit to a DE VDA, recognizing what information has been provided that can be leveraged for the VDA to reduce redundancies is essential to conducting an efficient review.

Join Morris Nichols partner Jason Russell and Altus Group’s Trish Hopper and Laura Carlson on Tuesday, December 19, 2017 at 1:00 p.m. EST for a 60-minute webinar that will address the fundamentals of conducting a self-review to successfully meet the State of Delaware’s requirements and to complete a DE VDA in a timely manner.
