

Unclaimed Property

Publication

2014

Bloomberg BNA

Michael Houghton and Walter Tuthill, Morris Nichols Commercial Law Counseling Group partners, served as co-authors of the revised Bureau of National Affairs (BNA) Corporate Practice Series Portfolio: *Unclaimed Property*. The treatise provides a comprehensive analysis of the law of unclaimed property and taps into the collective experience of the authors to provide an insider's perspective into what a business can expect if faced with an unclaimed property enforcement action, guidance as to the procedures corporations should take to secure compliance with the law, and the penalties for violations and non-compliance.
